Work Experience

Founder / Full-Stack Developer

nSquare.dev

December 2023 - Present

San Jose, CA

- Developed custom web applications using **JavaScript**, **Next.js**, **Tailwind CSS**, **PostgreSQL**, and **MongoDB**.
- Designed scalable system architectures and optimized application performance for diverse client needs.
- Created comprehensive technical documentation to support development processes and client handovers.

Projects

[Golden Valley Dental Care - Website](#)

January 2025

- Built a professional, responsive website with **Next.js** and **Tailwind CSS**, boosting the online presence of a dental office with 30+ years of expertise.
- Optimized performance and implemented **SEO best practices**, improving visibility and accessibility.
- Designed scalable, reusable components and ensured seamless cross-device navigation.

[Food Ordering App](#)

October 2024 – December 2024

- Developed a restaurant web app with **Next.js** and **TypeScript**, featuring a dynamic menu system for customizable orders.
- Integrated **Stripe API** for secure payments and built a responsive interface using **Tailwind CSS**.

[San Jose Dental Boutique - Website](#)

August 2024 – October 2024

- Designed and developed a modern website for a local dental boutique using **Next.js**, **Tailwind CSS**, and **TypeScript**.
- Enhanced user engagement by implementing a dynamic service carousel and intuitive navigation.
- Focused on responsive design to ensure a seamless browsing experience across all devices.
